OUR FOUNDER OUR INSPIRATION

Louis Marie Grignion was born on January 31, 1673 in a town called Montfort, in Western France. Today he is popularly known as **ST.MONTFORT**. The Brothers of St. Gabriel Educational Society link their foundation to St. Louis Marie de Montfort (1673-1716) in France.

In the course of his mission works, St. Louis Marie de Montfort established charitable schools for needy children. He entrusted this work to the early followers, from whom the group grew to be later known as the **Brothers of St. Gabriel**.

From the Desk of Principal

This academic year had its significance, as the nation celebrated the completion of 75 golden years of its Independence. The events and activities that happened during this academic year had its underpinning of this great event. We are proud to share that we were able to come together as one family to celebrate this event on various occasions as Nation celebrated Platinum Jubilee of its Independence. We had the Theme ***“Better Montfortian, Better India, Better World”*** as the annual theme. The active participation of Students, teachers and parents in various curricular and co-curricular activities of the school has made the year a successful one.

It is with great joy and pride we present this E- Magazine. We have taken a number of activities in tandem with the great celebration of ***“Azadi Ka Amrut Mahotsav”***, to make this year an important one where our children get to know

more about our country, its rich heritage and the struggles of our great leaders' sacrifice and contribution in obtaining independence. The variety of programmes that were unfolded during this academic year were all aimed at instilling the fervor of Patriotism and Unity among the students.

The school is fortunate to have a dedicated team of staff who are always willing to extend their service to bring out the best in their students. The academic excellence coupled with excellence in co-curricular activities has made the children's experience of education as holistic and integrated. We at Montfort continue to inspire children with the motto ***“Strive for Excellence”***.

Dear Parents, you all have been a pillar of strength and support for all of us. Your keen interest in your child's progress and welfare made our effort much easier. Your regular interactions with the teachers and the management have enabled us to closely monitor the progress of each student and to make needed changes to the challenges that were placed before us.

Each issue of our school magazine is a landmark that manifests our growth, unfolds our imaginations, and gives life to our thoughts and aspirations. It unleashes a wide spectrum of creative skills ranging from writing to editing and even in designing the magazine. As you flip through the pages you will be glancing through the journey of your child during the past one year. This magazine is materialized and has reached you only with the effort of so many dedicated personalities.

*I sincerely thank
Rev. Bro. Jose Immanuel and
Rev. Bro. Filmon Kiro for their
constant support and guidance.*

I congratulate the entire Editorial Team, Co-Ordinators, Class Teachers, IT department and other Subject teachers for their hard work and dedication in making this dream come true as we strive towards excellence. You have fought against all odds to make this happen.

We need to look towards the future with great hopes and aspirations. The stride that we have made during the last year gives us hope and confidence to march ahead with renewed enthusiasm and vigor. We are sure that the shortcomings, failures and setbacks that we had in the past are beautiful learnings that we had. We march towards a bright future ahead with greater confidence. I am sure that with the education that is imparted and with the learnings that they had, students of Montfort will leave behind a legacy of unflinching commitment in all their endeavours.

**Bro. Jomon Joy
Principal**

From the Desk of Vice-Principal

“A child without education is like a bird without wings.”-

Tibetan Proverb

Education has been a long-standing tradition in our society which has been an essential part of human life from the early days of civilization. It is one of the most important pillars of any nation's culture and social life. Education is a system that teaches people to become more human and less animal like.

It is very essential for any successful society. It is not just about a ladder to success; it is about developing the whole person and equipping him with the skills and knowledge to help him to reach his full potential. It shapes the future, helps build communities and improves the quality of life.

Montfort school, Nagpur provides students with an activity-based learning technique. This method helps to empower children with problem-solving, logical thinking and imagination skills by enabling them to discover, practise and think better through activity-based strategies.

Learning cannot happen with just memorization or through bookish knowledge. Real learning helps the students to understand the application of skills and knowledge to solve real-life problems with the help of effective learning processes. The knowledge and skills that they gain via activity-based learning process is one in which they are fully involved, for teachers of Montfort school, Nagpur, activity-based learning is one of the best forms of imparting knowledge. Students learn by actually *DOING* stuff and understanding the basic working principles of every fact, rule and principle. This type of learning empowers the brain and develops all its sectors responsible for learning and acquiring knowledge.

We seek parents' cooperation for motivating you child/children to do activities by their own so that school, teachers and parents can provide to the students with relevant educational experiences that nurture their passion, problem-solving abilities, reasoning ability and higher-level thinking skills, including critical thinking and creativity.

I appreciate and thank the principal of the school Rev. Bro. Jomon Joy for taking keen interest and providing maximum opportunity to the students to shine out in all the areas of education. A special word of appreciation to the supervisors, coordinators, class teachers, editorial board members and computer department, artists and technical experts of Montfort school, Nagpur for bringing out this E- Magazine in a most professional and perfect manner.

Thank you,

Bro. Jose Emmanuel
Vice Principal

FROM THE EDITORIAL DESK

Let's dream big!

Big dreams light your inner fire and provide the ongoing fuel for your burning desire. 'MONTEUNOIA' (edition 3) our school magazine is a platform for our students to showcase their creative urges, setting the realm of imagination free and capturing them beautifully in words.

The herculean task of editing this magazine would not have been possible without the sincere support of the members of the Editorial team who sorted out the articles we got from enthusiastic and inquisitive learners, edited them and finally made a fair draft of them. I am really thankful to our respected Principal Rev Bro. JOMON JOY for entrusting us with the responsibility of editing. We take this opportunity to thank all of us for sparing their valuable time to send their best wishes for the magazine in the form of message.

Creativity allows us the time to go deeper in ourselves to our core and results in human reflection. It helps to bring out our inner feelings and desires and turn them into commodities and products. The reflection of students' creativity and achievements is the epitome of the magazine.

It gives us immense pleasure to ensure that this magazine has successfully accomplished its objectives. We invite you all to read and immerse yourself in the unfolding art and be exalted.

VANMAHOTSAV

"Trees exhale for us so that we can inhale them to stay alive. Let us love trees with every breath we take until we perish"

On 2nd July we celebrated Van Mahotsav- the festival of trees within school premises. The Science Club organized this event. An awareness rally was taken out by the students holding the banners giving the message of 'GO GREEN'. Saplings were also planted by the students learning the importance of planting trees and saving the environment.

Independence Day Celebration

Every festival provides a **"rainbow for the storm, a smile for every tear, a promise for every worry, and an answer to every prayer."**

The only purpose of festivals is to demonstrate that they are the best ways to get closer to your family and friends. The assembly on

FIESTA OF FESTIVALS was led by class 3rd(B). A skit depicting the significance of Rakshabandhan and Independence Day was skilfully performed by the children on the auspicious occasion of Azadi ka Amrit Mahotsav.

They sought to emphasize the emotions of our troops and our responsibilities as Indian citizens.

Teachers put on a great dance performance to demonstrate that dance is the joy of movement and the heart of life.

Since schools are the foundation of our country, patriotism must begin here. Students spoke on the significance of Independence Day. Respected Vice Principal Reverend Brother Jose Emanuel inspired the children by giving an inspirational speech about the Azadi ka Amrit Mahotsav in order to encourage them to become responsible citizens of our nation.

Message By Supervisor

I, Mrs. Molly Smith, feel elated & privileged to share my thoughts as Pre-primary Supervisor penning a few lines in the Annual Magazine of Montfort, school Nagpur for the Academic Session 2022-23.

The association with this August institution for the past eight yrs.is itself a rich experience of a wonderful journey, lovely sweet and salty challenges.

The custody of the little minds has been a challenge, most importantly post Covid but the Pre-primary Teachers, a team of dedicated Teachers, always used techniques to make things easy to comprehend and that gives me tremendous pleasure & the outcome as holistic growth speaks thy Success.

Pre-primary Section lays the foundation of the Vision & Mission of Montfortian Dimensions of growth and development, hence we try to achieve it through Scholastic & Co-Scholastically conducted Activities, the outcome is the progression.

We are highly indebted to our Parents without whose cooperation and collaboration nothing is possible and more so to the School Management and Rev. Brothers whose continuous mentoring and guidance keeps us focussed on to our achievements.

My Best Wishes to School Management, Respected Brothers, Teachers & Parents in the Service to Mankind for I strongly believe, Coming Together is a Beginning, Staying Together is Progress, Working Together is Success

God Bless All.

Thank you.

Mrs. Molly Smith
Pre-Primary Supervisor

Message By Supervisor

Believe that you can achieve and you will.

As the superintendent Of the prestigious institution. I feel pleasure to connect to you. We are a school with a difference .We aim not to just impart knowledge to the students but also to inculcate in them-wisdom, compassion and humanitarian spirit. We have a multi -culture student population;hence we teach children the importance of tolerance and respecting culture. discipline, value and integrity are the foundations of our school.

A pleasant ambience enriched with an academic atmosphere and excellent facilities make the students able to accept the challenges ahead of them. Our efforts is focused not only on pure study but also on providing an opportunity to each child to explore his or her own capabilities and area of interest.For this, we have provided each child with many activities both on co-curricular and extracurricular to help the child become the best person he or she can be.Excellence is achieved when each person is helped to continually develop his or her potential as an individual and a member of society.

As they say the pivot of education is the teacher,I am proud to have a committed team of well qualified and experienced teachers who keep themselves abreast with the latest norms and practices.

I consider myself fortunate to be a team member of this school which is a perfect amalgamation of visionary and committed management dedicated Principal, Rev. Brother Jomon Joy and expeditious Rev. Brother Jose Emanuel, enthusiastic staff, goal oriented students and supportive parents who all work towards making learning a meaningful and joyful experience. I wish good luck in their future endeavors.

The students of class IIIrd G initiated an assembly on the theme, 'Action Against Hunger' which was held on 6th Jan. 2023. The students presented a special performance based on their talents and a skit on today's scenario of poor families who are struggling for a penny to purchase food for their family. Many poor people are sleeping with empty stomachs. In India, millions are facing hunger problems because of poverty. So how small kids also can solve this problem by feeding one poor person was beautifully presented in this assembly. The message was delivered about not wasting food . The assembly ended with Brother's motivational speech.

Importance of Nature

"The Key To Our Personal, Mental, Cognitive, And Even Spiritual Satisfaction Lies Within Nature."

Class IV A students held an assembly on September 10th on the topic "Importance Of Nature, which aims to teach students about the significance and worth of the earth's natural resources. The assembly began with prayer and performance that focused on the importance of protecting the environment. The importance of protecting natural resources and using them wisely so that they are available for future generations was explained to the students as part of the 3 R's campaign. Chetan Chaudhary displayed a stunning gymnastics trick. A captivating dance performance that stressed the need of protecting the environment brought the assembly to a close.

CLASS - IV B

LOVE, PEACE, AND HARMONY

“The finest vitamins in the universe are love, peace, joy, and harmony.”

On September 16, 2022, students of class 4B delivered a fascinating assembly with the subject "love, peace, and harmony." The assembly began with a morning prayer to ask for the blessings of the All-Powerful God, which was followed by a skit illustrating how peace and harmony are essential to human existence and advancement. A beautiful dance performance that conveyed the message "may there be love in our hearts, harmony in our homes, and peace in our planet" brought the Assembly to a close.

CLASS - IV C

Enjoy Success

“Perfection, diligence, the ability to learn from mistakes, loyalty, and persistence are the keys to success.”

Class IV C presented the assembly on the theme of "Enjoy Success" on September 24.

Blessed by the omnipotent God, assembly began. Children performed a motivational skit about how to succeed in life and enjoy it. A lovely dance was performed to inspire success. Students' hidden skills served as yet another platform for achievement. Both the class teacher and Rev. Brother Jose Emmanuel delivered motivational speeches. School anthem played before assembly.

CLASS - IV D

Life is Celebration

**"Life is a beauty admire it
Life is a challenge meet it
Life is a promise fulfill it
Life is a song sing it
Life is too precious do not destroy it.
Life is life, let's celebrate it."**

On 30th September 2022 class IV D presented the assembly on the topic "Life is Celebration

Self discipline is the best Discipline

“Discipline is built by consistently performing small acts of courage.”

Keeping this in mind the students of class IV E conducted the assembly on 9th December and the topic was “Self discipline is the best Discipline.” The assembly topic was showcased through the life of Chhatrapati Shivaji Maharaj .

CLASS – V A

“Togetherness is Happiness.”

Life smiles at us when we are happy. Life laughs at us when we are unhappy. But life salutes us when we make others happy. Keeping this in mind VA Students conducted the assembly on the topic Togetherness is happiness. The message was conveyed to the children through thought, song, skit and dance.

CLASS – V B

VASUDHAIVA KUTUMBAKAM

Class VB performed assembly on the topic - 'Vasudhaiva Kutumbakam' is derived from ancient Upanishads, which literally means the 'World Is My Family'. The students performed a skit emphasizing on the fact that we should respect and love our fellow humans, irrespective of caste or creed, as our brothers and sisters. We should adopt positive principles from all religions and put humanity first .

It is our responsibility to protect mother nature and to treat all living things with respect.

KNOWLEDGE IS POWER

Knowledge illuminates the darkness of illiteracy and directs us in the right direction. Class 5C students held an assembly with the theme "KNOWLEDGE IS POWER."

The importance of education in life and how it may help people become independent were both well conveyed in a wonderfully rendered skit. Physical prowess or wealth is insignificant in comparison to knowledge. A highly effective motivating dance that focused on learning was performed.

ETHICS OF OUR LIFE

“Knowing the difference between what you have the right to do and what is right to do is what ethics is all about.”

Class 5D students gave a motivational assembly on "ETHICS OF OUR LIFE." The kids underlined the need of living ethically in their daily activities through a mime performance.

It is our responsibility to conserve water, electricity, and the environment, show respect for the elderly, always use the trash can, and assist others. The presentation of a motivational dance, which was built on developing ethics, was excellent.

CLASS – V E

Importance of Discipline and Etiquettes

“Discipline Is The Foundation, upon Which All Success Is Built”

Discipline brings perfection in life . The students of class V E conducted an assembly on 2nd September on the theme ‘Importance of Discipline and Etiquettes’ with the aim to motivate all the students to follow this virtue. They emphasized that without discipline a man can never shine or succeed in life .

CLASS - V F AND VG

Kalam Ki Takat

"A Teacher takes a hand, opens a mind and touches a heart"

A knowledgeable and inspiring assembly was put forth by the students of classes VF and VG. They paid tribute to the great teacher Dr. Sarvapalli Radhakrishnan on his birth anniversary.

The cultural programme unfolded with a knowledgeable and enlightening skit . A tribute was paid to Mahatma Jyotirao Phule and Savitribai Phule for their tireless service provided to our society through a skit, 'Kalam Ki Takat' .. The students played their role well, the narrators were appreciative. The mesmerizing dance performance was eye catching. A melodious song thanking the teachers was sung by students.

Aadnya Mahalle - 4A

If I die in a war zone box me up and send me home.
 Put medals on my chest.
 Tell my mom, I did my best.
 Tell my dad not to cry.
 I held his head high.
 Tell my bro, to study perfectly,
 key of my bike will be his permanently.
 Tell my sister not to be upset.
 Her, bro, will take a long sleep after Sunset.
 Tell my nation, not to cry because I am a soldier Born to Die.

My teachers.

My teachers are the best.
 Then all the rest.
 My teachers teach me all,
 and pick me up when I fall.
 My teachers make me learn,
 With lots and lots of fun .
 and today because of them
 I know the world around

The magical book

I found a magical book,
 It was so old,
 It looked like,
 If someone took
 when I draw something in it
 It came in real life
 I draw a cat and a dog
 And it came into a real fight.

*Never
give up!*

Never give up

If I made a mistake,
then I would have to retake
and do it once again,
even feel the pain,
But they're also laying a
price
and that made me realize
that even if I was to fail,
it would be a Burning Trail.
If I hope for medals and a
cop,
I can't just rely on luck.

I must do hard work to
show the world my worth.
That's the essence of never
giving up.

Freedom of animals

Do not caged the animals.
They feel they have no rights.
They wish they could move
freely,
Do not hunt animals or hurt
animals,
Give them food and shelter,
Save the animals, love the
animals,
Do not the hunt animals,
Thousand lakhs of animals are
killed.
Try to make them free. Do not
keep as pet

A tree

I am a tree
I give people flowers ,fruits
,vegetables and many more
things
I give them oxygen also,
But people do not care about
my feelings,
they cut and throw me or make
furniture of me.
They cut not only me, they cut
so many trees.
But I am sure that one day,
there will be no trees no
animals,
And people would carrying the
cylinder with them ,
And people would regret, why
they cut the trees?

"I AM A TREE"

I am a tree,
Emerged from the seed
Always attached to the ground.

I am a tree
Water and Sun grows me up
Winds and Air swings me up.

I am a tree
Gives oxygen to human beings
Sacrifices for their wrong
doings.

I am a tree
Birds make nest on me
Weary ones take rest under me.

I am a tree
Losing my identity with
growing civilization
Pray you all for my

To my grandpa

Since I was a little child,
And in all that I've been through,
You've always been my hero,
And stood as tall as you.
You were the one who took the time,
To reach what I needed in time.
The lessons of life and memories of glory,
You shared that all with love and concern.
I love you as a little child,
And when I am grown,
I shall share those lessons you taught me,
With children of my own.
Generation to generation,
I'll pass the stories of my loving grandpa
And all that you are meant to me on this day.
I wish you live that long,
Till I reach your age today,
So as to cherish the memories together,
Every day with fondness!!

Pollution

Pollution, pollution
Search a solution,
To stop pollution,
Don't cut the trees,
And pollute the water,
Don't use plastic bags,
Use only cloth bags.
Don't waste electricity,
And don't throw garbage on
the road.
Earth is our home
And it's our duty to save
our home.

Yamini Wanjari - III F

Grow more trees to reduce pollution

"Trees are the poems the earth writes upon the sky. "

Trees and plants are one of the main reasons why mankind came into existence. The importance of planting trees has been emphasized time and again. This is because of the numerous benefits they offer.

They make the world a better place to live in. They exhale oxygen and inhale carbon dioxide to maintain the ecological balance in the environment. They also absorb all the harmful gasses and give us fresh air to breathe. Trees build a sheet to protect us from the harmful ultraviolet rays. Not only this, they serve as a habitat for birds and various species of animals. This is not it. Trees help in controlling water pollution and prevent soil erosion. The places inhabited by large numbers of trees are quite cooler compared to the concrete jungles that can not do without air conditioners.

Unfortunately, urbanization is leading to clearing of forests and parks despite numerous benefits they offer. People come here for morning walks, evening strolls, yoga sessions and laughter therapy.

These also serve as a safe place for the kids to play and socialize. "The best time to plant a tree was 20 years ago. The second best time is now", so do your bit and make this place more beautiful.

Jeevika P. Mulmule - V E

Plastic and environment

Plastic Plastic !Everywhere, Life is so drastic in every sphere.

Our environment is now in strain, Our Mother Earth is now in pain.

Till time to sleep, from the day we start; At every step plastic became our part.

Still We can choose from today, To use the things in the right way.

Timely say no to plastic, if possible; Otherwise life would become horrible.

Let's make the promise with ourselves, To change the atmosphere first thyself.

Environment and plastics are they friends? Never! Their hostility would never ever end.

Plastics always harm nature. I don't understand, what type of creature.

We all know that when it burns, what happens. But still knowing it we don't take any actions.

We always think about the profit of our own. But we never think of environmental zones.

The environment got sick and promoted global warming. But still being sick it had fought.

Knowing this problem, the government banned the wicked creature. This was all told by our teacher.

The government couldn't ban plastic completely. As many advantages were seen in it only.

But still, there were some actions declared. Information for 5 R's, the government always shared.

5 R's, what are these Learning them would be easy. It starts with reducing, recycles, reuses And ends with repurposing and refusing.

We can save our environment and make it cool. If we will follow all these rules.

See Your Troubles as Blessing

“Without the rich heart, wealth is an ugly beggar” A 75 years old young man whose eyes always smile with a hint of pure compassion, his simplicity and tender warmness is infectious, his innocent individuality makes him stand out from the commonplace. This is the story of my Grandfather named Domaji. Who raised my father and my two aunts with his hard work in all his entire life. He has a great impact on the development of my father’s and my aunt’s successes. My grandfather has always been a great inspiration to many people.

My Grandpa is an admirable man. He had overcome several serious obstacles in order to succeed in his life. He grew up in a little town called Tekadi, where he had no opportunity of ever doing something with his life. At a very young age he started working, when he was only 10 years old. After his marriage he left the village and he shifted to another village called Seo. He had to wake up every day at 4 am in the morning. Day after day he used to work hard to serve his family. My grandfather never went to school as he was having huge responsibilities. But his love towards education never died, hence he raised all his children with very hard work. He used to work in the farm on a daily basis and he used to sell fruits in Nagpur city every day.

But once he and my grandmother along with their 11 companions met with a horrible accident where nobody was found alive at that place except my grandfather and grandmother. He used to tell us about that incident and said that “never forget when you think that you are about to experience the worst, God sends his help and surprises you with all the very best”.

To be continued.....

After that he started his new life with hard work and now he has become an inspiration to many. He did very hard work in his life. He worked on the farm, sold fruits, and went on a daily basis as a laborer. He had to overcome several serious obstacles in order to succeed in his life. He is now 75 years old and till today he is not depending on anyone for his work. He even goes to the farm to take care of crops such as rice, wheat and also takes care of most of the work. He used to tell us his book of life with blinking eyes showing satisfaction on his face. A man who never went to school is a father of all qualified children. All of them are now government servants.

If there is one thing that I have learned from my grandfather's life is that "little things are the big things. Those tiny, daily deposits into the love account will give you more happiness than any amount of money in your bank account.

From the story of my grandpa I learnt that you cannot learn how to play guitar without hitting a few wrong notes. Wow ! to turn your wounds into wisdom. Never find your trouble just find your happiness.

Cricket

Cricket in India needs no introduction. Right from the age of 2 -100 everyone is a follower of cricket. It's not just a game but an emotion for Indians. Based on Cricket, words written in novels can't even describe our emotions of Indians. This is a Game played between 22 players, 11 players each for two teams on the pitch which is only 22 yards long . It needs a leather ball and a bat with some other accessories. Cricket is called a game of gentlemen as it has been played and invented by the British.

But in India it is a game for every child, uncle, father ,mother and sister .You always say India is a secular country but cricket literally unites us. Whenever our country plays , we don't care about any religion or creation. truly cricket is the most beautiful game played by us.

A WALK TO TRAIN MUSEUM

Be like a train, go in the rain, go in the sun,
go in storm, go in the dark tunnels!

Be like a train ; concentrate on your road
and go with no hesitation!

Our Pre primary kids enjoyed their fun filled picnic at the Railway Museum.

BEAT THE HEAT WITH A SPLASH

At Montfort we believe in giving equal importance to work and play. A picnic was organized for the entire Primary kids on 28 February, 2023 at Light House. The spirit of the kids was highly noticeable as they boarded the bus that everyone in the vicinity could make out that today's day was very special. It was a mesmerizing experience to see these innocent kids playing and enjoying themselves. There were a number of options for the kids to choose among the rides and none left any chance to miss them. Then the water park was like a dream come true for them. The two years fun missed during the pandemic was almost overcome as they enjoyed the picnic to their fullest.
