# OUR FOUNDER OUR INSPIRATION

**Louis Marie Grignion** was born on January 31, 1673 in a town called Montfort, in Western France. Today he is popularly known as **ST.MONTFORT**. The Brothers of St. Gabriel Educational Society link their foundation to St. Louis Marie de Montfort (1673-1716) in France.

In the course of his mission works, St. Louis Marie de Montfort established charitable schools for needy children. He entrusted this work to the early followers, from whom the group grew to be later known as the **Brothers of St. Gabriel**.

## From the Desk of Principal

Bro. Shine Alex  
Principal

The COVID-19 pandemic has created the largest disruption of education systems in history, affecting nearly 1.6 billion learners in more than 190 countries and all continents. Closures of schools and other learning spaces have impacted 94 per cent of the world's student population.

As the health crisis unfolded, causing massive socio-economic disruptions, Montfort School was swift to react and adapt, responded quickly to ensure education continuity and protect the safety of our students, staff and parents. Ensuring learning continuity during the time of school closures became a priority for us, requiring teachers to move to online delivery of lessons. The massive efforts made by our teachers in a short time to respond to the shocks to education systems remind us that change is possible. We have used the crisis as an opportunity to find new ways to address the learning crisis and bring about a set of solutions by integrating a hybrid model of teaching and learning previously considered difficult or impossible to implement.

*The school closures have made ripple effect in the lives of parents as they had to spend significant greater share of additional time for childcare, health issues of near and dear ones, cope up with major financial problems and household tasks. I salute all the parents for providing everything possible for the children during these difficult times and doing your full time duty at home as a teacher by monitoring the online classes and motivating children to do their best in order to continue their education. I declare the parents as the Champions of the School during this academic year 2020-2021. The management wishes to sincerely express our gratitude to every parent for the generous gesture of paying the school fee and for supporting the school during these very difficult days.*

## Principal's Message

I appreciate the Vice Principal for being an effective leader and facilitating engaging, enjoyable education environment for the students of Pre- Primary and Primary Grades. I admire all the coordinators for conducting numerous creative activities online for our children, to enable their all round development and growth . I acknowledge the contributions of every class teacher for providing quality education, to keep up our high academic standards and striving for excellence even during this pandemic period.

Let us praise God for guiding and for protecting us from every danger during this pandemic period. Let us thank doctors, nurses, front-line helpers, government officials and our leaders for their selfless service to the suffering humanity. Let us appreciate all the teachers for easily adapting and ensuring the continuity of education. Let us congratulate every parent for becoming a teacher at homes and being a champion of the academic year 20-21.

**The battle is not yet over...let us pledge to follow sincerely and absolutely all covid appropriate behaviour at all times, everywhere for the safety of one and all around us.**

**Principal  
Bro Shine Alex**

## From the Desk of Vice-Principal

Bro. Jomon Joy  
Vice-principal

Great ideas that transformed the world were all conceived and began in human mind. Great thinking has led to countless inventions and changes in the society. The potential that human thinking holds is something which is unparalleled. This year's **E-Magazine** is titled "**Beautiful Thinking**". The idea sparked from the efforts of our students and teachers of Primary and Pre-primary Wing who were able to see a ray of hope and positivity amidst the looming darkness that has encapsulated us due to the pandemic that has struck the globe.

In many ways the pandemic has forced us to adapt and adept to the demanding times. The school has swiftly switched over to virtual platform to continue the process of education and to make the teaching- learning process more **effective, efficient and enjoyable** in a safe milieu.

Teachers have been at the forefront in fighting against this global pandemic. They have embraced the present situation with positivity and used it as an opportunity to grow. They have made incredible efforts as they leapt with zeal, commitment and creativity in this virtual platform. It is true that their involvement was unseen for the public at large but they have contributed immensely through their educational endeavours. I sincerely thank our dynamic teachers for their valuable contribution in the field of education during these testing times.

Dear students you have walked through these troubled days courageously. You have made many adaptations to the new learning environment. Virtual learning which was totally new to you a year ago has become part of your learning today. You have fought against the virus and emerged victorious at the end of this academic year by your active participation in all the activities organized by the school virtually. You have inspired us with your determined and disciplined attitude.

**Dear parents all the progress and learning that your children have made particularly this year was purely due to the encouragement, support and effort that you have taken. You have created a positive ambience of learning at home thus taking the classroom to your own house. To make this happen you have made adequate arrangements, enormous preparations and have foregone many of your comforts and conveniences. We sincerely express our gratitude to each one of you dear parents for standing with the school and supporting us during these difficult times.**

Let us gratefully appreciate and acknowledge the innumerable and selfless services rendered by the brave hearts or the frontline warriors especially the health department, the police department and the volunteers all over the world who have been working tirelessly putting their own lives at risk. Their selfless service is commendable. Let us in spirit wish and pray for these people and also for all the people who have been affected by the virus directly or indirectly. Let us remember them in our daily prayers.

Each issue of our school magazine is a milestone that marks our growth, unfolds our imaginations, and gives life to our thoughts and aspirations. It unleashes a wide spectrum of creative skills ranging from writing to editing and even in designing the magazine.

**I sincerely thank Rev. Bro. Shine Alex and Rev. Bro. David Indwar for their constant support and guidance. I congratulate the entire Editorial Team, Co-Ordinators, Class teachers, IT department and other Subject teachers of Primary and Pre-primary Wing for their hard work and dedication in making this dream come true as we strive towards excellence.** You have fought against all odds to make this happen. You have faced innumerable challenges to get the things done as we were interacting in a virtual world. This E magazine is the fruit of your hard labour.

Humans have the innate ability to change and adapt to the environment in which he/she is placed. We have been journeying through these troubled times very cautiously and courageously. I am sure we have made many adaptations to our lives based on the demands that were enforced on us. We have proven once again that we can fight against all odds and come out triumphantly if we have the determination and dedication to the task that is before us. Let us all strive towards making this world a better place live.

**Bro. Jomon Joy  
Vice- Principal.**

# FROM THE EDITORIAL DESK

Dear Readers

Greetings from the Montfort family

*Home is the first school and School is the second home.* In fact, today it has come true. Coronavirus has altered our life including our school system, teachers, children, and parents. Let's avoid the negativities and look into positivity. Right now, we see ourselves, collectively facing this pandemic, a situation for which we had no experience and little preparation. And, at this time, when the whole world is battling against it, Montfort School has added another feather to its cap; the E-magazine, to provide our students a stage to bring out their creative thoughts and expression.

Michael Jordan said *'Talent wins games, but teamwork and intelligence win championships.'* This magazine, indeed, is an honest effort to showcase not just the talents of our budding authors, poets and artists, but also to give them a platform to launch themselves and touch the sky. The outstanding articles, poems and artwork of our gifted and innovative minds are sure to captivate the imagination of the readers. With complete faith in their hard work, we are sure that their original ideas will certainly excite and elate your thoughts.

The Editorial team takes this opportunity to express its sincere gratitude to our Principal, Rev. Bro. Shine Alex, Vice Principal Rev. Bro. Jomon Joy and Middle school incharge Rev. Bro. David, for entrusting us with the responsibility of adding another chapter to the history of Montfort. We thank our Vice Principal Rev. Bro. Jomon Joy for being a constant support throughout the process, from the conceptualization of the idea to the last stage.

We also extend our heartfelt gratitude to all the parents for their continued support to the institution and its endeavours. *"Dear Parents, you have, indeed, walked the extra mile to ensure that our children make the best use of their time."*

We hope that you would enjoy your journey as you sail through this enchanted ocean of brilliance. We wish you all happy and fun-filled days with your loved ones.

May God Almighty keep us all safe and healthy.

Happy Reading

# Investiture Ceremony

“Leaders are the role models who inspire the followers and motivate them to reach the pinnacle of the success”

The Investiture Ceremony is a proud privilege for our school and with the changing time it was on a virtual platform, it was much more innovative.

Despite the widespread of COVID 19 pandemic, the indomitable spirit of young talented leaders of our school was commemorated through a virtual Investiture Ceremony held in November 2020.

**"It's the you (anchorer), who meets challenges every seconds and holds the ship alone."**

The momentous day of Montfort School dawned to bestow responsibilities on the deserving young talents of the Primary wing, to lead the school from the front with their commitment, confidence and competence.

The first ever virtual Investiture ceremony was yet another milestone reached in the journey of distance learning! Where first time parents got the rare opportunity to honour their child by pinning the sachse.

# Independence Day Celebration

Freedom is hard to get, but we were blessed to have it. Let's appreciate everything we have and celebrate the great miracle of freedom.

Independence Day has always been a very colourful celebration in our school, but this time we have tried keeping the same energy through virtual medium.

This year Covid 19 has shut school indefinitely and added a twist to the 74th Independence Day celebration. The fervour remains the same, opting for a virtual root. We had a flag hoisting with few teachers in the school. Students sang a patriotic song along with their family members in singing competition. This was an opportunity to enhance the importance of Independence Day. The competition was enjoyed by each and everyone virtually. A video was released to keep the spirit of Independence in our heart.

So, pandemic-induced lockdown or not, Independence Day will be celebrated with the same spirit of enthusiasm.

# Republic Day Celebration

Republic Day symbolises the right spirit of independent India. The day marks the true spirit of a shackle free Nation that began with the inception of our constitution. The Indian Constitution came into effect on 26th January 1950 which affirmed India's existence as an independent Republic. Every year, this day is celebrated with pomp and show, zeal and spirit, throughout the length and breadth of the country. This year, due to a pandemic, the day was celebrated in our school virtually. To celebrate the occasion with enthusiasm, the online celebration of Republic Day was marked on 25th January 2021. Students of classes I to V, enjoyed the special activities organised for them, which included a beautiful rendition of a patriotic singing, an evocative elocution, mono act themed on patriotism and tricolour badge making, to make students realise the value of Sacrifice made by our freedom fighters.

## From the desk of Supervisor Montfort School 2020-2021

**Ms. Neelam Samarth**

Due to the outbreak of pandemic in the year 2020-2021, there was a havoc situation across the globe. During this time the teachers have gone to incredible lengths to help the students. Their efforts were commendable. As Montfort school always strives for excellence, even during this catastrophic situation, it made sure that all the activities and assessment were conducted as per the planned schedule. The IT department always came up whenever their guidance was needed.

*"The secret of change is to focus all your energy, not on fighting the old, but finding the new"*. This year marked a change in everyone's life, so did it brought a big change in the education sector. The teaching faculties have put their heart and soul in facilitating, directing, guiding and mostly managing. On a short notice, they shifted very quickly to distant learning or e- learning. Being amateur still they updated their knowledge and did what was expected of them. ' An engine needs fuel to run' The fuel which kept us running was our efficient school management. Our Principal Rev. Bro Shine Alex and Vice - Principal Rev Bro. Jomon Joy always stood like firm pillars during this difficult time in order to help our students , teachers and parents. We made sure that teaching and learning were done diligently and effectively. Our Brothers personally checked and rectified things and left no stone unturned. No doubt this pandemic was a learning experience for all of us. It was a blessing in disguise as it taught us to survive and rise. At Montfort, its every member is a warrior and hence it was proven during Covid- 19. My sincere gratitude to the School Management for their infinite support and motivation, my heartfelt appreciation to all the teachers for working reliably. We could not have come so far without the co-operation of our parents. Million of thanks to all our dear parents and students for always supporting us and acknowledging our efforts throughout the year. *"No matter how much falls on us, we keep in flowing ahead. That's the only way to keep the roads clear"*.

## MESIJ (VIVRE)

**Ms. Molly Smith**

I feel privileged to share my experience (vivre) as Supervisor of Pre-Primary Section of our esteemed institution, Montfort School, Nagpur. The pandemic phase is still on with slight relief due to vaccine but the schools are on in the virtual form as we cannot risk the lives of little innocent minds, who are unaware of the pandemic and the extreme precautions it requires when out of ones house. The pandemic did not deter the teaching-learning spirit of the students and teachers alike. We, under the able guidance of our management and Respected Brothers switched from chalk and talk to the virtual mode in very less time as we needed to be connected to our little ones who are totally dependent on their teachers for formal mode with participation of parents, largely, in informal way. We are continuing very efficiently with this virtual method too, trying out all means to make our lessons interesting and reachable to the young learners at home. Not only curricular, but every extracurricular activity for the academic session 2020-2021 was carried out with the same enthusiasm by students under the able monitoring by parents at home and guidance by teachers through the virtual classroom. I would say, pandemic taught us much more. Pandemic made us strong in our will power/ determination, and paved way for more of critical thinking by the teachers, increased creativity in their execution of lessons with proper methodology and learning outcomes, collaboration in their capacities with colleagues of the teaching fraternity and parents, and thus competent in their Teaching-Learning process thus teachers too proved equally well as front-line workers. It transformed the traditional teaching methodology into digitalization- the need for the 21st century student whose learning is student-centred. Finally, I will conclude my mesij (message) wishing young minds happy learning to become strong and worthy citizens of this motherland as they are proving every day. My prayers and well-wishes for parents who have always supported us in this noble cause of enriching and enlightening young minds, my sincere thanks to Management and Respected Brothers, our strong backbone and best wishes to the entire Teaching / Non-teaching fraternity without whose cooperation we would not be able to continue with our Mission and Vision of Service to Mankind !

Thank You, God Bless Everyone.

## EXPRESSIONS OF GRATITUDE (ASSEMBLIES)

# PRAYER

Seeking Blessings of God

Prayer helps reduce stress and anxiety, works to spend tranquility, and brings optimism, hope, and a range of positive feelings. Prayer sets the tone of the day and thus the learners and mentors of Montfort School joined hands together virtually to seek blessings of Almighty.

# WORLD TELEVISION DAY

<https://drive.google.com/file/d/1QV0XMGJ93Uik4HxtIMdrImKlj7Nuc4gl/view?usp=sharing>

Television has proved to be an indispensable medium that has played a crucial role over the past decades , as well as during this prolonged pandemic. It proved a crutch to more than a million people united , engrossed and informed with content across genres in multiple languages.

To celebrate this medium, we Montfortians have come with a campaign to commemorate World Television Day.

To convey heartfelt gratitude to its Distribution associates for their relentless efforts, the students of class II showcased fun loving activities along with its invention, history and journey till date.

# World Science Day For Peace And Development

“Science of today is the technology of tomorrow.”

World Science day happens every year on November 10th . It is a way of opening up the world of scientific research and discovery to engage everybody in current scientific issues and developments.

Our 3rd standard students aim to show that although we may not be a scientist or researcher , science is all around us and it is a part of everybody's life.

By making science more accessible, World Science day was celebrated in the form of an assembly which showcase science can be used to inspire people to study and participate in it.

## OUR MOTHER EARTH

Earth, the only planet where we can live, today in this modern time we are just not caring about our first mother 'Earth'. If we don't start caring from now on we would regret it. Today the pollution is too much because of us. Because of these factories, not only the air, water is also polluted as we throw garbage in the water. We should throw the garbage in the dustbin but we are just carelessly throwing it anywhere which is very harmful for us and also the stray animals like dogs, cows, cats etc.

This is the circumstance of our rivers. Some people clean this continuously, but everyone ignores them. If you know there is 2.5% of drinking water left on earth, do you want to pollute this too? Talking about the plants and trees we are just cutting them as they are useless. After knowing the plants are the most important and we are totally dependent on them, some people are just cutting them continuously, to make factories and homes, bungalows etc. I know these factories and homes are important for us to live but, can't we grow more plants? Animals are also a part of this EARTH why are we killing them Why do some people just want to make them extinct? They also deserve a life, we should treat them properly, give them some love. I just want to say, everyone should take care of our planet, we should not pollute it, at last this is our Earth, we live here, we fill our stomachs here, this is our home.

YAMINI ADE (5-D)

## KONARK TEMPLE

Rabindranath Tagore describes it as “POETRY IN STONE “.

AURIN RAY - 5th D

Last month, I visited the Konark sun temple in Odisha. I was mesmerized to see the architectural work on the temple. Konark, sun temple is one of the most renowned temples in India and is a world heritage site. The name Konark is derived from the Sanskrit word Kona meaning (corner) and word Arka means (sun), in reference to the temple which was dedicated to the sun god, Surya. Konark temple is also a paragon of Oriyan art and architecture. The temple was built by the Ganga dynasty ruler, Shri Narsimha Dev –I in the 13th century. It took 12 years to complete this temple. Although partly in ruins, its colossal size, intricate stone art work and diversity of them is expressed, simply taking one's breath away.

It is a monumental representation of the Sun god Surya's chariot. There are two rows of 12 wheels on each side of the Temple. Some say the wheels represent the 24 hours in a day (12+12) and some say that they

represent the 12 months. The seven horses are said to symbolize the seven days of the week. Its geometrical patterns and curved wheels serve as sundials. Wheels can tell time accurately to a minute including day night.

The sun dial has 8 major spokes that divide 24 hours into 8 equal parts, which means that the time between the two major spokes is 3 hours. One can witness three images of sun God in three directions to catch the three rays of the sun at dawn, noon and sunset. Multifarious images can be seen on the walls of the Temple that pose animals such as giraffes, elephants, snakes etc.

The sculptures are really mesmerizing. During my visit, I was so absorbed watching the monuments and architecture and did not realize how I had spent 2-3 hrs watching them! It was a memorable event in my life and in future if I get a chance again I would be obliged to visit the place again.

# THE UNFORGETTABLE SCHOOL DAYS.

No matter what's going on in your mind, the school memories always make you happy. School life is the golden era of everybody's life. It is the span of your life. When you cry, laugh, learn and sometimes even teach within the same walls of the school building. Every school

Vidhi Nandurkar  
5- D

going student cries when the morning alarm rings and he has to rush to board the bus. And he again faces sadness when he has to go home leaving his dead heart friends after the last bell rings. And the hours spent in between are just magical.

From the unending talks in the buses to the silly fights on the playground and from the star in the notebook to the

scolding by the teacher, everything is just unforgettable. We must always try to make some very beautiful memories in every single day and every single moment which we spend in that campus because school life may end someday, but its memories will never leave you alone. The school days are the best days of life.

## Child Labour

Labourers below the age of 14 years are called child labour. India has the largest number of child labourers in the world. According to the census figure of 1991, India has 11.29 million child labourers which constitutes the total population of our country. In rural areas most of the children work as labour in livestock farming, forestry and fishing. In the urban areas these child labourers work as vehicle cleaners and domestic servants etc. They have long working hours with bad and unhygienic working conditions and low wages. The main reason behind child labour is poverty. Children born in poor families are forced to work not only for their own survival but also for their family. Awareness of the people and government also compels poor parents to make their children employed as labourers in agriculture farms, factories, brick kilns and as domestic

Parthavi Bobade 5- C

servants. Let us all take a step to ban this evil.

# LIVING WITH COVID-19 - THE PANDEMIC

ARNAV PADOLE (5-E)

China is a dictator country. they deceive themselves also and other countries. but they are bit clever, because they are selling their ventilators and the face-masks to other countries. Don't know whether they are selling used or not used items. therefore, we should be a little cautious. they can create another virus. we have seen in the news that covid-19 patients' number has highly increased in India and other countries especially in Italy and the

united states. Still the Chinese haven't stopped buying and selling of exotic and endangered animals. the covid-19 is affecting everyone irrespective of race, caste, colour, religion, and food habits. however, it is affecting more to adults than children. therefore, my suggestion is to increase your immunity power to fight with the highly contagious and unpredictable covid-19 virus. so, follow this *mantra*.

## A Threat : 2.0

A Normal day begins in 2020, as everything was normal, but after some days, Some people were dying just because of a normal cold and cough but this was not just simply cold and cough. News spread, Threats came and a new name in our life was revealed – Corona Virus. Every day new cases were revealed, threatening the lives of millions of families sitting at home. Not only India but also the whole world started suffering. The government felt Helpless and the whole world was full of sorrow.

Each and every person was seen at home. The most famous and busy square of Mumbai was empty today. It was just because of the government's final opinion - The Lockdown. all the doctors were researching and finding the medicine for coronavirus, The government also took precautions against coronavirus and told people to stay at home till this situation gets better. As a Disease needs its cure, this novel coronavirus also needed its vaccine. So what, Doctors from worldwide started researching, testing, making and finally the dose came. In the starting weeks of March the vaccine

Tejaswini Nair - 5 D

given to doctors, health workers, and police. Later on, Now it is being given to elder citizens that are over 60 of age. But that now the vaccine is out, people have forgotten that covid-19 is still affecting people. So I just want to remind everyone who has forgotten that corona is still there, please stay at home until you and your family, neighbours, relatives and close friends get the vaccine.

# TOPIC - CORONAVIRUS {COVID-19}

Ananya Jaronde - 5 C

Introduction- Coronavirus is a large family of viruses that are known to cause illness ranging from the common cold to more severe diseases like SARS and MERS.

Most of us are aware of the outbreak of the disease started at Wuhan, China caused by a new species of virus called novel coronavirus.

Many of those infected people were either working in Huanan seafood wholesale markets in the center of the Chinese city or frequently buying and selling meat and live animals.

It is believed that the virus might have been transmitted through direct contact between humans and animals or by consuming them.

A person infected from this diseases may suffer:-

Dry cough

Mild fever

Breathing issues

|                      |  |  |  |
|----------------------|--|--|--|
| BE HEALTHY, BE CLEAN |  |  |  |
| CLEAN & DISINFECT    |  |  |  |
| SOCIAL DISTANCE      |  |  |  |

Well it is always advisable to practice good hygiene and caution by avoiding:-

- 1) Close contact with individuals who are suffering from respiratory infection
- 2) Frequently wash your hands for 20 seconds.
- 3) Avoid touching your eyes ,nose and mouth
- 4) Cover your mouth and nose with your elbows while you sneeze
- 5) wear mask and take care of yourself

## Little Girl

I am a little girl  
under a tree.

Counting mangoes 1, 2, 3...

I am a little girl  
After a butterfly,  
trying to catch, but it flies.

I am a little girl  
under the sky  
watching stars up so high.

I am a little girl  
playing on sand  
collecting shells with my  
friend.

Aradhya Bharne 2-E

## My Father

You are my father  
I am your Son.

I feel good when  
you are with me  
Like him I become  
brave and smart.

When I hold your hand  
I feel I got an entire world.  
You and me are the best  
friends

I love you Baba.

Aryaman Dorle 2-E

Niharika Sahoo 2-E

## Shining Sun

Shining, rising early in the morning  
brings lights with its rising.

Helps trees for cooking & growing

Gives us enough vitamin D.

Hot and golden looks like orange

No one can reach its range

sources of life for living things

Removes darkness as it shines

Great and beautiful God's creation

All we call it the shining Sun.

Angel Porathur 1-D

## Five Little Fishes

I have five little fishes,  
Small one, fat one, yellow one,  
Black one and orange one  
Rani, Mani, Fani, Lani, Dani

It goes up and down  
And swims in water

They bubble in water and play  
All day.

Gargi Chawade 3-D

## Little Brown Sparrows

Little Brown sparrow,  
Flying around,  
Up in the treetops  
Down on the ground.

Come to my window  
Dear sparrow, come !  
See ! I will give you  
Many a crumb.

Here is some water,  
Sparkling and clear  
Come little sparrows,  
Drink without fear.

If you are tired,  
Here is a nest ;  
Wouldn't you like to  
Come here to rest ?

Jais Vincent 3-D

## A Wonderful Morning

Beautiful, Beautiful, Beautiful  
My mornings are sweet and  
beautiful

The chirping sound of birds,  
And the peeping rays of sunlight  
Makes my morning,  
Beautiful, Beautiful, Beautiful.

Joyful, Joyful, Joyful  
The creator craft is Joyful  
The little marigold, smile  
And the humming sound of bees  
Makes my morning,  
Joyful, Joyful, Joyful

Manay Umredkar 2-F

## Special Child

I am a special child  
I am good and wonderful child  
When I laugh, I make people happy,  
When I smile, I light up the room  
I am smart and can do many things  
One day I'll show the world

How great I am!

## The Earth

The Earth is the third, planet from the sun  
 Living on it, isn't it fun  
 Land, water is what you find  
 Be sure to be kind, time it is mined  
 Wait a tilt, the Earth goes around  
 The only planet, where life is found.

Sanskar 3-F

## My Teacher

My teacher is the best  
 The best there ever was....  
 My teacher is the best  
 I love her just because  
 She always teach me lesson  
 To make my knowledge  
 better  
 She is the best in the world  
 I have ever seen  
 My best teacher is best  
 The best there ever was  
 She always help me to  
 Make my school project  
 She is the best in the world  
 I have ever seen  
 My teacher is the best  
 The best there ever was  
 My teacher is the best  
 I love her just because

Anavi Naik 3-F

Saranghi Pati 3-A

## Birds

Birds like singing,  
 Like a beautiful ringing,  
 From their song,  
 People feel nothing wrong.  
 Birds have short tail,  
 Which is a beautiful quail,  
 They like to fly,  
 Up in the sky  
 So let's give them food  
 and water  
 To make a beautiful nature  
 I like them (Birds)  
 Hope you too like them.

## Dear Mummy

Dear mummy,  
 I miss the food you make so yummy  
 I loved you when you made a pickle of lime  
 I always wait when you will come and at what time  
 because I love your sweet smile  
 I always think how far are you by mile

Eva Thakre 4-D

## Hop Bunny Hop

Hop bunny hop,  
Be on the top,  
You should be there  
Not in the shop  
Run bunny run,  
And get the bun  
Look at the sky,  
There is a sun,  
Look bunny look  
There is a hook,  
It will catch you  
Jump in the loop  
Come bunny come,  
In the home,  
Come fast, don't  
Roam.. Roam.. Roam...

Prisha Gujarkar 5-E

Atreyee Mahajan 4-C

## My Mother

My mother is very good  
She makes delicious food  
She sent me to school  
She keeps my family always cool  
She does a lot of hard work for us  
She dropped me at the stop for the bus

Khushi Lakhotiya 5-G

## My Best Friend

You are my best friend  
Forever ! Forever ! Forever !  
You never hate me  
You always love me  
We are the best friend  
Forever ! Forever ! Forever

Tanvi Diwe 3-A

## Butterfly

Butterfly, Butterfly so cute are you  
Purple, white and pink too  
So many colours have you, Red, Blue  
Black and Orange too.  
You shine like a star in the blue sky  
You fly like a fairy in the whole sky  
You dance on the flowers and then fly  
Taking your way into the sky  
Till it was time to go to bed  
You rise up and go to your work  
To nectar up.  
Butterfly, Butterfly so cute are you  
Purple, white and pink too.

Manikarnika Andeo 5-E

Akshara Lonkar 5-G

## Popcorn

Pop, pop, popcorn,  
Popping in the pot !  
Pop, pop, popcorn  
Eat while hot !

Pop, pop, popcorn,  
Butter on the top !  
When I eat popcorn,  
I can't stop !

## O God !

O God !

O God how beautiful you have made the world  
You have made the Sun

It is the hot ball of gases and it burns

O God how beautiful you have made the world  
You have made the Mountain

Which is a source of fountain in the form of  
rivers and glaciers

O God how beautiful you have made the world  
You have made the land

In the desert there is sand

O God how beautiful you have made the world  
At night, when I look at stars and the moon

They look as if they are singing in a tune

I wonder and wonder to see your beautiful  
creation

It is a great source of inspiration

Gautami Mahajan 5-A

## For Teachers

Thank You, teachers  
For reaching deep in me.

To find all I can be,  
You make me believe in  
myself,

You never gave up on me.

It is really a pure bond  
between you and me.

Radhika Bamnote 5-G

## My School

School, School, School  
 My school is beautiful,  
 Wonderful, joyful  
 And colourful.  
 School, School, School,  
 My school is beautiful,  
 It has great teachers,  
 Loving brothers and good features.  
 They are very careful,  
 We are very thankful.  
 School, School, School,  
 My school is beautiful.

Tritha Kawde 5-A

## Friendship

When you smile,  
 I get a reason to cheer,  
 All the special moment so  
 rear,  
 All the things my dear  
 With you, life is so meaningful  
 My friend you are truly  
 wonderful  
 I like you lot!

Advika Mankar 5-A

## Nature

The sea is blue  
 The sky is blue  
 The trees are green  
 And the plants are too  
 We are on the earth  
 The earth is round  
 We can listen the  
 Sound around

Sparsh Barde 5-A

## Thank You

Thank you, Mom  
 Thank you, Dad  
 These two small words  
 Add so much fun  
 I am never bear to see you sad,  
 So I will pray to god for there warmth  
 For your all love and support,  
 Thank you word seems too short for you  
 Now it's my time to make you happy.

## A Teacher

Krishna Karale 5-F

A Teacher is someone who loves you  
from the bottom of her heart,  
Side by side or miles apart,  
She is a mirror of whom we are reflection,  
And when she teaches you it's a satisfaction.  
Friends come and go,  
but her lessons stay with you forever,  
Her teaching is worth more than a thousand friends,  
and she loves you without any end.  
I am blessed to have a teacher like you,  
The greatest gift from god I ever knew!

Anwika Datta 2-F

## My Birthday Cake

Yummy Yummy Yummy,  
You look so cool  
Red roses on white base,  
And cream so full  
My birthday Cake, I dreamt of you  
My day became special with you  
Yummy Yummy Yummy  
My birthday cake... so beautiful !

Shreyasi Dhansande 4-A

## Save Water

Save, save, save the water...  
Save water everyday,  
Water is very essential...  
Save water everyday,  
Every time we used to drink...  
that is water, that is water,  
Water is our life...  
without water nothing will survive...  
Water for bathing, water for planting  
Water for cooking, water for washing  
Water for everything!  
"We must save the water."

# VIRTUAL PLATFORM

## ONLINE TEACHING

It is said that

**“Change is the rule of Nature”**

In our classrooms, we have spent our entire lives learning. But we have a chance now to learn through different techniques.

Online Learning has ensured that we do not waste the whole year that has passed. Both students and teachers

Anagha Wakde II-F

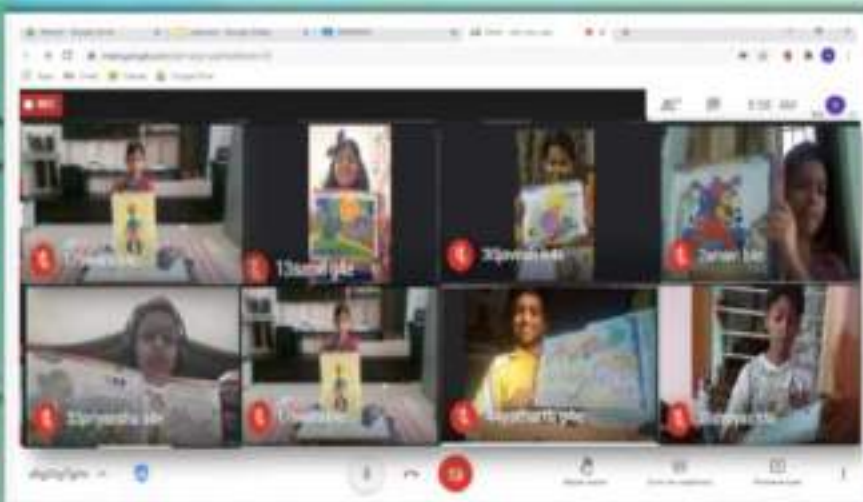

Ansh Sasankar I- F

have faced many problems, whether it is a device or network problem, but we have overcome it and looked forward as a solution to online learning.

Priyal Vaidya UKG- C

Offline classes are more interactive and helpful, there is no doubt, but online learning has been a boon for all the students in the

Ms. Roshni

pandemic. Teachers have spent a lot of time creating materials for study and

Swarada Shriram UKG-C

learning to deal with new technology. Similarly, students have also learned many things, such as putting a presentation and how to upload the response sheet in an online exam.

Ultimately, during this period everyone has learned something or the other, as it is rightly said that

Ms. Archana

**“Where there is a will  
there is a way”**

Ms. Shikha

*"An engaged learner is a successful learner".*

**“Believe in yourself, An all that you are,  
There is something inside you, That will take you far.”**

The life of every individual has been affected during this COVID-19 pandemic, it has also influenced the education system of the Country. As a result, nearly 1.6 Billion students worldwide have been affected.

We Montfortians, always try to provide our students with the best possible techniques and facilities. As a part of this, we initially began online teaching through What's App group, which received a marvelous response from both parents and students. After the summer holidays, our Principal Rev. Br. Shine Alex and Vice Principal Rev. Br. Jomon Joy. introduced a new way to conduct online classes, through Google Classroom. To further accentuate the learning experience, online exams were

conducted through Google Forms. A training session was conducted for the parents and students to familiarize them with this new technology.

TRUST YOURSELF, YOU KNOW MORE

# EVENTS AND ACHIEVEMENTS

## "SCHOLARS ARENA"

We've been locked in our homes for quite a long time, facing the challenges of our lives. But our little Montfortians did not lose their courage and hope during this period of pandemic and also a dream of accomplishment. It is rightly said that we all have dreams, but it takes a terrible amount of determination, dedication, self-discipline and effort to make dreams come true.

### ACHIEVEMENTS

**"There is no magic to achievement. It's really about hard work, choices and persistence."**

**Our little montfortians have shone their colours in the fields of sports.**

SHAARAV NEGI - IIA

**Master SHAARAV NEGI** of class III A received a certificate of appreciation for exceptional skills and outcomes in core programming, design

thinking and advanced application development in White Hat Jr. coding programme.

ANANYA BANODE IIE

**MS ANANYA BANODE** of class IIE received certificate of participation in 1st round of SIP Arithmetic Genius all India Inter school contest 2020 held on 13th October.

ATREYEE MAHAJAN IVC

**Ms ATREYEE MAHAJAN** of class IV C had participated in Nagpur federation cup Wushu Championship 2020, which was held on 19th January. She secured 2nd position.

**" EVERYONE HAS THE DESIRE TO WIN.  
BUT ONLY CHAMPIONS HAVE THE DESIRE PREPARE "**

**MS KHUSHI LAKHOTIA**  
V II

**MS KHUSHI LAKHOTIA** of class 5G has shone her extreme interest and hardwork by participating in RRSFI District Championship ( Nagpur) which was organised by NDRSA ON 20th February. Where she was badged by 1 gold medal in 1000 mtrs rink race and 1 gold medal in 500 mtrs rink race. She also participated in State Championship which was organised by Skating Association of Maharashtra at Virar, Mumbai on 13th and 14th of March 2021. Where she was badged by 1 gold medal in 500 mtrs rink race and 1 gold medal in 1000 mtrs rink race .

**Ms Khushi Lakhotia** made our Montfortian family proud by getting selected for Nationals at Mohali, Chandigarh from 1st of April to 4th of April.

**Khushi** also scored - Bronze medal in 200mtrs rink race , Silver medal in 1000mtrs rink race . In 9-11 inline category at 58th RSFI National championship held at Mohali Chandigarh from 1st to 3rd April 2021.

**ARAV JAMBULKAR**  
V C

**Master AARAV JAMBULKAR** of class IV C had participated in XII Apple Skate India in Mumbai ( Aroli ) 2020. He was badged by 2 gold medals and 1 bronze medal.

He also participated in RRSFI District Championship ( Nagpur) . Which was organised by NDRSA where he was badged by 1 gold medal in 1000 mtrs rink race also 1 gold medal in 500 mtrs rink race . He also participated in RSFI State Championship which was organised by Skating Association of Maharashtra at Virar, Mumbai on 13th and 14th of March 2021. Where he was awarded by 1 gold medal in 500 mtrs rink race

CHETAN CHAUDHARI

**Master CHETAN CHAUDHARI** of II A participated in 5 hrs non - stop skating which was organized by East Point sports academy.

SARTHAK NIMBALKAR

**Master SARTHAK NIMBALKAR** of class 3D received certificate for participating in non stop skating organised by East point sports Academy.

SAMRUDDHI HADKE - 07

**Ms Samruddhi Hadke** of class V F won the gold medal in the KATA Event in 3rd Republic Cup inter school National Karate Championship held on 12th January 2020 .

SANIDHI HADKE - 5 F

**Ms Sanidhi Hadke** of class VF won silver medal in FIGHT Event in 3rd republic Cup inter school National Karate Championship held on 12th January 2020.

SAMRUDHI GOMASE - 4E

**Ms SAMRUDHI GOMASE** of class IV E won gold medal in boxing organised by Mahabala Young Star Bahu Udeshiye in September 2020.

**" PRACTICE, PATIENCE AND YOU WILL ACHIEVE YOUR GOALS."**

**Rashi Pardhi of class 3G** participated in the best talent of India colours HD show and has been selected for the TV round .

**JEEVIKA MULMULE** of class 3 E participated in the Fashionix contest . She stood all India Rank 15 and in Kids category 5th rank.

**Ms ANANNYA GAWANDE** of class 2G won the winning title of Jr Personality of Eravio Race to the crown 2020 and also for her dedication and hardwork during the Eravio RTC 2020 Journey on 21st to 26th of December 2020.

The Hitavada Twinkle Club , HERD Foundation, Hastankit Sir Gangadharrao Chitnavis Memorial Trust and Radio City have collaborated to bring an art project to life . Titled " Through a child's Eye." ( Nagpur Art Exhibition 2021) it entails projecting the beautiful and colourful artwork of children on a flyover wall and pillar.

The little Montfortian **Ms. RHEA DHOKNE** of class II G actively participated in this art competition of 1000 students out of which 200 students were selected and **MS RHEA DHOKNE** was one of them.

**WHERE THERE IS A WILL, THERE IS A WAY.**

Heramba Pohane-V A

**Heramba Pohane** of VA won the merit certificate in " All India Tennis Tournament Championship Series 2020-2021" hearty congratulations from Montfort Family.

**"PUNCTUALITY IS THE FIRST STEP TOWARDS SUCCESS."**

Montfort School has always been committed to the holistic development of our students and even during these unprecedented times we have been putting extra efforts to insure that the high standards of teaching are maintained. All these efforts have been fruitful only due to the consistent and enthusiastic participation of students.

## NATIONAL MATHEMATICS DAY CELEBRATION

A famous mathematician once said,

**"Go down deep enough into anything and you will find mathematics."**

Mathematics can be tough sometimes, so can many things in life. It is the only subject which shows that problems have solutions. Mathematics can be fun, challenging, hands-on, and applicable in real life.

Paying rich tribute to the great Indian mathematician Shrinivas Ramanujan, National Mathematics day was celebrated on 19th December showing the spirit of mathematical learning and various mathematical concepts were explored creatively.

### TANGRAM AND SCENERY MAKING USING SHAPES

AARAV SARODE - 1A

The tiny tots of class I and II showcased their imagination and creativity by participating in activities like tangram making, scenery making using basic geometrical shapes. These activities helped the children to reinforce the concept of shapes.

# हिंदी दिवस

हर भारतीय की शक्ति है हिंदी,  
भारत माँ के भाल पर सजी है हिंदी,  
एक सहज अभिव्यक्ति है हिंदी,  
भारतीयों से जुड़ी भावनाओं का मेल है  
हिंदी ।

राष्ट्रभाषा के प्रति प्रेम, अपनत्व और उसके सम्मान को हमारी भावी पीढ़ी तक पहुँचाने हेतु इस ऑनलाइन शिक्षण प्रक्रिया में भी १४ सितंबर को हिंदी दिवस मनाया गया। विद्यार्थियों ने भी उत्साहपूर्वक इस कार्यक्रम में भाग लिया जो अति प्रशंसनीय हैं। विद्यार्थियों ने कविता, नाट्य और भाषणों के माध्यम द्वारा अपने सभी सहपाठियों को हिंदी भाषा का महत्व और उसकी गरिमा समझाने का प्रयास किया।

VAIBHAVI NAKHATE -VA

जी हाँ हिंदी केवल हमारी भाषा ही नहीं है तो ये हमारी पहचान भी है। हिंदी को राष्ट्रभाषा का दर्जा भी दिया गया है और हम सभी भारतीयों का प्रथम कर्तव्य है कि हम हमारी राष्ट्रभाषा का सम्मान करें ।

इस प्रकार यह हिंदी दिवस ऑनलाइन शिक्षण प्रक्रिया द्वारा बड़े ही आनंद और हर्षोल्लास के साथ मनाया गया।  
धन्यवाद ।

## OUR CHEERFUL CHAMPIONS

“CHILDREN NEED THE FREEDOM AND TIME TO PLAY.  
PLAY IS NOT A LUXURY BUT A NECESSITY”

The pandemic definitely constrained our shining stars to their homes but in no way could it hamper their spirit and enthusiasm to stay bold and fight. School took an initiative to keep the students fit and healthy at home during the time of this global pandemic by conducting online classes of physical education.

Sakshi Pandey  
UKG-C

The learners were made aware of the importance of regularly participating in sports and physical exercises. Various age appropriate innovative sports activities were conducted to maintain interest amongst the children which not only facilitate joyful learning but also inculcate multiple skills like muscular endurance, body balance, reflexes focus, eye hand coordination.

# INTER HOUSE COMPETITION

## \*\*\* INTER HOUSE COMPETITION \*\*\*

*It is rightly said the great joy of teaching is a healthy relationship that develops in the classroom.*

*The outburst of the pandemic had shrunk school, that half-day of chatter, learning, unlearning and finding a place among peers, to a tiny voiced screen.*

*Children are really missing all the fun they had with their classmates. So in order to rebuild that connectivity among the students and their teachers in this virtual platform various team-building activities like Treasure hunt, Memory game, Emoji and Sports Quiz, Guess the song and Simon says have been conducted according to the houses i.e. **Red**, **Green**, **Yellow** and **Blue**.*

MUNAF ANSARI - II B

HARSH DHAGE - II B

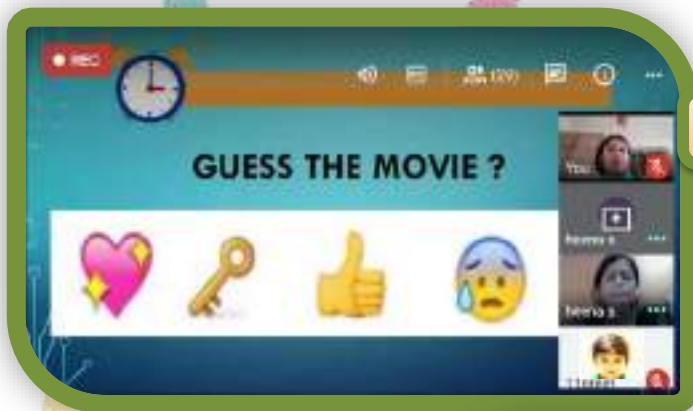

ARADHYA URKUDE - II B

**When 'I' is replaced by 'We'  
Even 'ILLNESS' Becomes 'WELLNESS'**

*These activities not only fostered healthy competition and community spirit. But also brought a smile to the face of our kiddos who were feeling isolated and upset by the loss of connection with their classmates due to physical distancing*

# THOUGHTS TO SHARE

(PARENT'S VIEW)

## ONLINE EXAM

**Mrs. Vijay Luxmi Meena**  
**Parent of Nayra and Cheryl Meena**  
**Class – Nursery A and II B**

**I** VijayLuxmi Meena, Parent of two children would like to express my gratitude towards all the teachers at Montfort School for their commendable efforts to make the online learning experience so fruitful and interesting for all the kids during these tiring (covid-19) times.

They have put their efforts for the online sessions explaining

everything in a detailed manner each day, even the online exams are easy to understand for pre-primary class children also.

Initially I was thinking that my child Nayra (Nur.), will not understand anything through online classes because she is in

Nursery and she doesn't understand what is a class? and waste her academic year, but teachers made it possible. It is not at all easy making all those presentations, worksheets, videos, class schedules, etc.

I really want to appreciate the hard work of teachers, the way they interacted with the students, the way of teaching, making learning so interesting and explaining everything was outstanding in online classes. Then I realized that a year of my kid's beautiful school life has not lost.

My children, Cheryl Meena (II-B) and Nayra Meena (Nur-A) both are enjoying this new way of learning. They have been making sure every child is comfortable with the technology and receives their complete attention. During the online session, each and every student was given a

chance to speak and express themselves.

My daughter watches the material shared regularly with great enthusiasm and does her worksheets sent by respective teachers. She becomes overwhelmed after receiving the response from her teachers.

I really appreciate the fact that focus is not just on finishing the syllabus but also ensuring that each kid is learning properly. The kids are also enjoying the co-curricular activities, which are taking place along with the academics. Class teachers and coordinators were made available in case of any need.

Apart from Academics, the school also focused on physical and mental development.

I thank the school management and teaching faculty for all their efforts.

Stay Safe everyone.

Thank you.

## ONLINE SATURDAY ACTIVITIES

**Mr. Kuldeep Waidya**  
**Parent of Saahas Waidya**  
**Class – I E**

**I**n COVID 19 pandemic, when all people were stuck at their home the major anxiety was about our child's future in education. But Montfort school has overcome this anxiety through setting virtual online classes.

Online classes were the best way to keep coordination among Teacher-student-parent.

Class teachers and supporting staff have set an example of the best mentor in all possible ways. They not only organized regular subject classes but also co-curricular

activities like singing, dancing, elocution, drawing, painting, paper and clay art, yoga, aerobics, celebration of national and international days, which could not be thought to be possible in these pandemic days.

Saturday activities were a treasure for my child where he found himself confident, more expressive and proactive. Saturday activities anticipates the

active participation of students where he sometimes found himself in an un-comfort zone to give his best online. But teachers' support and encouragement helped to develop his personality and skills a lot among his classmates.

No sooner than early school has provided a good platform where they can learn, discuss, play, laugh, enjoy with classmates and teachers though they were not presented physically in one class. We feel proud and happy to say that Montfort School, Nagpur is giving its best to my child.

Thank you.

## ONLINE CELEBRATIONS

**Mrs. Rashmi Srivastava**  
**Parent of Arash and Kayara Srivastava**  
**Class – II D and LKG C**

**T**he world, as we know, has changed in the blink of an eye. Schools closed overnight, students were kept away from schools, and parents had to grapple with keeping children productive at home.

As a result, education has changed dramatically, with the distinctive rise of e-learning, whereby teaching is undertaken remotely and on digital platforms.

Despite the lockdown, our Montfort school has also taken timely steps to continue the flow of education by holding online classes for students. Interestingly, these online classes have helped students during lockdown more than ever before.

School has conducted interesting activities to keep the students connected and they can learn new things.

Students learnt about our culture and celebrated national and traditional festivals with from different faiths including Gandhi Jayanti, Independence Day, Republic Day, as well as Diwali, Christmas, Onam, Raksha Bandhan, and many other cultural events that Montfort school has celebrated. Students get to learn about these events through books as well as co-curricular activities based on different cultures organised by Schools.

School also made our children perform activities virtually, which also helped them sharpen their communication skills, expression skills, public speaking, participation, and sense of belongingness through different activities like debates, recitation. Art and craft, creative art competitions, classroom activities like reading etc.

Our children through these activities learn essential ethical values about different cultures, religions, events of national and international importance as well as discipline and school life ethics. They learn to understand different religions, values, social ethics, patience, empathy, motivational skills, compatibility, and contentment. Montfort is also taking assembly prayer which others find not very much important but is also a part of education as it teaches students discipline, moral values, and meditation.

Best aspect of virtual celebration held by school as they are part of academics and makes teaching and learning experience exciting for both students and teachers. So, finally I am very happy to say that despite this pandemic situation, Montfort school has taken full initiative in each and every grounds.

## ONLINE LEARNING

**Mr. T. D. Vincent**  
**Parent of Jais and Jayanti Vincent**  
**Class – III D and I E**

**T**he covid-19 pandemic has affected the educational system worldwide, leading to the near total closure of physical functioning of the schools right from the beginning of the current academic year. Being a parent of two children I initially got a little perplexed and have some serious concern

over my children's education for the academic year 2020-21.

Each one of us knows that a child cannot learn without the right environment having proper school discipline under the supervision of The Principal and able teachers. And I assumed that the children had definitely lost a very good year with their classmates, teachers and different school activities as

well. But the things had been turned around in the other way at Montfort school Nagpur. Here the far-sighted school management, the efficient Principal, the hardworking Vice-Principal, and the most disciplined and vibrant teachers came up with online classes almost equivalent to the live classrooms.

Then I realized that a year of my children's beautiful school life has not lost. The hardworking teachers with their time and energy motivated the children to the next level that they never felt that they were missing their physical classrooms.

Teachers prepared such amazing presentations, videos and worksheets that help the children to interact in the classes and also to have informative sessions. Both my kids are really enjoying the interactive lessons

and activities that are put forth by their teachers.

After 9 months of online classes now it has become a habit of my children to eagerly wait to hear the lovely calling of "beta" by their teachers in the morning.

Even we, as parents, sometimes enjoy with our kids by the way of online classes imparted by this highly esteemed institution. I can surely say that with this kind of environment learning is not imposed rather than learning happens itself.

Thank you so much Teachers for all the hard work that you are doing for our kids. A standing ovation for the guiding forces for our kids and I am sure that our children are in the right and safe hands.

## ONLINE CLASSES AND EXAMINATIONS

**Mrs. Ashwini Thakre**  
**Parent of Adhiraj Thakre**  
**Class – IV D**

**I** Ashwini Manish Thakre. Mother of Adhiraj Thakre who is studying in IV D at Montfort School, Nagpur, would like to put up my experience and words to express the best efforts of the school and all the teachers who have been doing their best for the children. I would like to specially thank the Management and teaching fraternity who are doing their best for the children in this pandemic situation.

It has been one year since the online classes have started and the overall experience has been good. Students are adopting change and teachers are also trying to get them interested. The School also conducted online exams to encourage the students which made them more serious about their studies. Teachers took

great efforts and created a well defined structure for this online examination which was entirely different from existing examinations. The School also conducted different types of activities throughout the year, which was very helpful for the students to feel them as they are mentally and physically attached to their school.

Kudos to The school Management and all the teaching staff. Keep it up!!

Thank you.

## ONLINE EVENTS, ACTIVITIES

**Mr. Vinit Sinha**  
**Parent of Avani and Ayan Sinha**  
**Class – V G**

**T**he COVID-19 had resulted in schools shut all across the world. With this sudden shift away from the classroom for kids had been a real concern, considering the growing age and the need of a proper channel to impart knowledge and develop the kids especially in the age group of 5-15 years.

I am sure it must have been a real challenge & a tough task for the teachers to be in touch with their students and keep their interest towards studies alive during the lockdown.

At Montfort, the way the School & the teachers took initiative of Online classes and maintained and continued

imparting knowledge to the kids, taking enough pain had been really commendable and appreciable.

Still as Parents we felt the need to keep the kids active, interested and involved, and the answers came through the Online Activities been conducted by the teachers and ensuring the participation of all kids, whether it be:

**Quiz:** Kids were really enthusiastic and it enabled them to Learn and also created a sense of Winning.

**Poster Making:** The way the kids prepared for the Poster making and the way they participated, it surely proved the Success of the Activity.

**Hand Painting:** It had been really amazing observing the talent of our kids, which surely was not

visible even while the School had been operational.

**Elocution/Recitation:** The event surely had kept the Interest level and Involvement of the Kids.

**Sports Activities:** Games have peculiar qualities that let them engage hard-to-reach students in a way lessons cannot. We as Parents appreciate the Initiatives taken by the School Authorities and especially the teachers who had been working so hard with the kids, ensuring the knowledge impartment with Regular Classes and also keeping the interest and involvement of the kids alive via both educational & sports activities.

# Literary And Cultural Activity

" Literature is the art of discovering something into ordinary, about ordinary people and saying with ordinary words something intro-ordinary".

It is very necessary to balance the work, play and leisure for one's health and well-being. Having fun at times, gives us energy to face challenges and also motivates to come up with better ideas.

ARADYI SORALE  
12

Literary and Cultural activities are an integral part of our school, but the restriction brought about by Covid-19 Pandemic made us conduct these activities online. It was not easy, but with good cooperation from parents it became easy and effective. The children participated whole-heartedly in the activities such as English and Hindi elocution, recitation, story-telling along with mono-acting, hand-painting, poster- making, green- grain art, collage making, best out of waste, rakhi - making, card- making , thumb painting, fruit and vegetable expo and solo singing.

These activities boosted the confidence of our students as they performed them in front of their parents with the material available at home. It encouraged them to give free expression to their ideas. To encourage the students, Appreciation and Participation certificates were released online individually.

ANOKHI VAIDYA  
5B

The performance made by the students added glory to every activity conducted.
